

Wednesday 19th March

Dear Parents and Carers,

It is my pleasure to write to you as the Chair of our school's Academy Governance Committee (AGC) about our school and the evidence we have for improvements.

When schools are inspected all parents and carers are invited to complete a survey on the Ofsted Parent View website. You have recently been asked to complete a survey at parents evening using the same questions. We have compared the data from the two surveys and this shows a significant improvement in the school across all the areas covered from a parental perspective.

The AGC are aware as we are sure you are of the hard work that all the staff do for your children setting high expectations for them to do their very best. This includes a wide range of additional activities both in school time and outside supplementing your children's personal development.

The staff and governors will be continuing to work on the school's development plan throughout the year, building on their recent successes including the Statutory Inspection of Anglican and Methodist Schools (SIAMS) inspection to enable your children to have the best experience of school as possible.

I am sure you will join me in thanking all the staff for their hard work.

Yours sincerely
Mary Briggs
