- 4-digits by 1-digit/ 2-digit
- **Divide:**
- 4-digits by 1-digit
- **Multiply & Divide:**
- Whole numbers & decimals by 10, 100 & 1000

Literacy & Numeracy End of Year Expectations for Year 5

Dear Year 5 Parents

This booklet provides information for parents and carers on the end of year expectations for children in our school for literacy and numeracy. The staff have identified these expectations as being the minimum requirements your child must meet in order to ensure continued progress throughout the following year and we will be assessing your child's progress against these expectations at three levels - beginning, developing and secure. We are updating our 'calculation policy' which has explanations about the methods we use to teach numeracy, so that we are using the same methods at school and home to support children in their learning.

All the objectives will be worked on throughout the year and will be the focus of direct teaching. Any extra support you can provide in helping your children to achieve these expectations is greatly valued and has a very positive impact on the development of your child and their academic progress.

If you have any queries regarding the content of this booklet or want support in knowing how best to help your children please talk to your child's teacher.

Mrs Richards
